COMMODORE 64

graf DOS

by

Corey Ostman

INCLUDES:
MINI-MON
MINI-ASSEMBLER

Make your life easier!

WITH grafDOS ENHANCED DISK UTILITY FOR THE COMMODORE 64

After a year of development, **grafDOS**, an enhanced new disk operating system will make life easier for thousands of disk owners. No longer do you have to use the cumbersome wedge, **grafDOS**, provides over 40 new commands for both DOS and BASIC. Below is a list of new commands:

DOS COMMANDS

LOAD "filename"	CATalog
SAVE "filename"	INIT
RUN "filename"	WATCH
BLOAD "filename"	OFF
BSAVE "filename"	STAT
RENAME	CHAIN
DELETE	

LORES

LGR	HLIN
LCOL	VLIN
LPLOT	

BASIC COMMANDS - HIRES

PLOT	FLIP
HGR	WCHAR
SCREEN	DRAW
ALT	COPY
NORM	PIC
	PSAVE

MISC. COMMANDS

KEY	VTAB
SOUND	HTAB
HOME	HIMEM
TRAP	SPEED
TEXT	EXIT
BASIC	CTRL-G

As an added bonus, **grafDOS**, includes the MINI-MON, a powerful machine language monitor and mini-assembler with 20 commands! (See description below.)

The disk also comes with sample programs and demos including a music generator! This is a DOS that every CBM-64 owner should have on every disk!

WITH MINI-MONITOR CBM-64

A powerful machine code monitor which is not so mini has 20 commands to:

Disassemble 6502 code	Hunt memory for a string	Mini-assembler
Examine memory	Fill memory with any byte	Switch kernal to Ram
Text dump	HEX - DEC conversion	Switch BASIC to RAM
Move memory	Edit code
